ASSIST-Quick Search provides direct access to Defense and Federal specifications and standards available in the official DoD repository, the ASSIST database. Enter your search criteria in one of the search fields to locate documents available for distribution by the DODSSP Click on the label next to each search field block for a description and examples of search criteria.
(Please note that you can enter search criteria in more than one search field; however, Quick Search will then only find documents that satisfy all of the specified search criteria. If your search doesn't yield the results you expected, please try again using only one search parameter, such as the document number.)
